

11th International Conference on Mechanics and Energy

ICME 2026

December 21-23, 2026

Sousse, TUNISIA

The International Conference on Mechanics and Energy (ICME'2026) is the **eleventh edition** of an international scientific conference bringing together researchers, academics, engineers, and industry professionals to share research, emerging technologies, and innovative solutions in mechanics, energy, materials, manufacturing, and intelligent engineering systems.

ICME'2026 offers researchers an excellent opportunity to have their work considered for **publication in Springer's Lecture Notes in Mechanical Engineering (LNME)** series, indexed in **Scopus**.

Scopes & Topics:

- ✓ Advanced Mechanics
- ✓ Energy and Smart Engineering
- ✓ Innovative Materials
- ✓ Applied Physics
- ✓ Structural Dynamics and Acoustics
- ✓ Vibro-Acoustics and Fluid-Structure interaction
- ✓ Manufacturing and Production
- ✓ Artificial intelligence for Engineering
- ✓ IoT for Mechanical and Energy Systems

Registration Fees:

Participants	Participants from Tunisia and the greater Maghreb	Participants from other countries
Student	800 DNT	600 €
University	850 DNT	650 €
Industry	950 DNT	750 €
